DETAILED ACTION

Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-33 and 44-51, drawn to acoustical noise cancellation, classified in class 381, subclass 71.1.
- II. Claims 34-43, drawn to echo cancellation filter, classified in class 381, subclass 71.11.

Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II, restriction for examination purposes as indicated is proper.
